Inc. Magazine Unveils Exclusive List of America's Fastest-Growing Private Companies—the Inc. 5000

**GetWireless Ranks No. 1058 on the 2009 Inc. 5000
with a Three-Year Sales Growth of 292.4%**

NEW YORK, August 12, 2009 -- *Inc.* magazine today ranked GetWireless NO. 1058 on its third annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs. Consumer electronics maker Vizio, Internet giant GoDaddy, rental car service Zipcar, and beverage maker Honest Tea are among the prominent brands featured on this year's list.

“Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate,” said Inc. 5000 project manager Jim Melloan. “That’s why our list is so eagerly anticipated every year.”

GetWireless is a leading value-added distributor of cellular based solutions utilizing equipment from Sierra Wireless AirLink Communications, Axesstel, and Telular Corporation. These solutions are designed to offer broadband data and dial-up functionality by leveraging the existing cellular networks. By distributing solutions that operate on cellular networks throughout the world, GetWireless is able to accommodate a multitude of voice, fax, data and telemetry applications.

“Our recognition on the Inc. 5000 list is a direct result of hard work, product knowledge, and the high-level of service that we provide to all of our customers. We are honored to once again be included on the list and would like to thank each member of GetWireless as well as all of our customers and vendors for their role in making this possible”, said GetWireless co-founder Bryan Rasmussen.

The 2009 Inc. 5000, unveiled today on Inc.com, serves as a unique report card on the U.S. economy. Despite the ongoing recession, aggregate revenue among the

companies on the list actually increased to \$214 billion, up \$29 billion from last year, with a median three-year growth rate of 126 percent. The Inc. 5000 are responsible for creating more than 1 million jobs since their founding, making the list perhaps the best example of the impact private, fast-growing companies can have on the economy. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found on Inc.com.

This year's list also offers a preview of which industries are poised for growth in coming years. With an average growth rate of 667 percent, Insurance ranked as the top industry overall. Government Services was the top industry gainer with 252 companies on this year's list, up from 135 last year. Health is the top industry by both total revenue (\$22.7 billion) and total employment (156,223 jobs).

Methodology

The Inc. 5000 is ranked according to percentage revenue growth from 2005 through 2008. To qualify, companies must have been founded and generating revenue by the first week of 2005, and therefore able to show four full calendar years of sales. Additionally, they have to be U.S.-based, privately held, for profit, and independent -- not subsidiaries or divisions of other companies -- as of December 31, 2008. Revenue in 2005 must have been at least \$200,000, and revenue in 2008 must have been at least \$2 million. The top 10 percent of companies on the list comprise the Inc. 500, now in its 28th year.
