

Internal Antenna Solutions

2J is a worldwide supplier of antenna solutions supporting Automotive, Marine, Telematic, Automation and IoT markets.

These internal antennas provide either cellular (2G, 3G, 4G LTE), or GNSS frequency support. The antennas are divided into their different mounting styles.

Adhesive Mount:

Part Number	Part Information	Datasheet	Picture
2JP0524P-UFL-150MM	Cellular Strip Antenna - Rigid - Black - 150mm cable - u.FL	VIEW	
2JP0624P-UFL-150MM	Cellular Strip Antenna - Rigid - Black - 150mm cable - u.FL	VIEW	
2JF0424P-UFL-150MM	Cellular Strip Antenna - Flexible - Black - 150mm cable - u.FL	VIEW
